Home insurance

**Something someone may be

22 filings, commercial insurance, all
types of insurance.

Tell us a little more about your

business: I represent many
different companies, but most of
them are not writing new business
in California. We still have a couple
new markets that are helping the
homeowner, but none of us know
what the next couple of years will
bring us. We can still offer home
and auto to most everyone.

Most people do not realize that
home insurance has stated limits
for art, jewelry, guns, etc. These
items really need to be scheduled.
What most people do not realize
about the insurance industry is
that insurance policies do not
cover everything, they cover
specific perils, and sitting down
with your agent once a year is a
good preventative measure to
ensure adequate coverage.

Some more about us: Located among the majestic redwoods of Northern California, Brooktrails offers a welcoming 9-hole golf course for all skill levels. It's the perfect spot for a family outing, and since it's a walking course, it provides a relaxed, enjoyable experience. The

clubhouse offers club and pull cart rentals for your convenience. On Mondays and Fridays, our senior golf club plays, and they are currently welcoming new members. The course remains open to the public during these sessions. We recommend larger groups/parties call ahead to schedule a tee time.

For disc golf enthusiasts, our 18-basket course caters to all levels and provides a memorable experience. We've had disc golfers from around the world, and it's been exciting to watch the sport grow.

Throughout the year, we host several tournaments for both golf and disc golf, with our main schedule running from May to October, and additional events in the fall and winter. In addition, we host a variety of events, including birthday parties, weddings, concerts, high school reunions, community gatherings, and fundraisers. Our grill caters most events and is open to the public from 10am to 3pm, Friday through Monday.

We are a family-owned and operated mercantile nestled in the heart of downtown Willits. Since 2007, we've been proud to offer brands that fit the Mendo lifestyle, including contemporary, western, and workwear clothing.

What began as a small selection of toys and gifts has grown significantly over the years, and we take great pride in showcasing local artisans whenever possible.

Just like our store, our café—affectionately known as "The Sweetshop"—is open 7 days a week. We offer a variety of fresh salads, sandwiches, paninis, and smoothies, along with our popular tea and espresso menu. However, what truly sets The Sweetshop apart is our Cowlick's ice cream and our very own handmade fudge!

We're not just here for our two-legged customers; we also cater to our four-legged friends, offering the finest feed and grains at a range of price points to suit every need.

As a family, we're dedicated to improving our small town by reinvesting in our community. We sincerely thank you for choosing to shop local, and we look forward to many more years of serving you with quality products and heartfelt service!

Willits Redwood Company

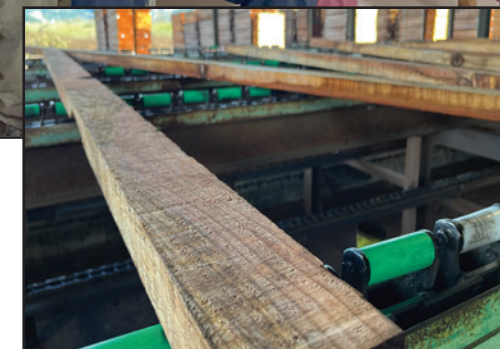

Business Address: Sawmill: 220 Franklin Avenue, Willits, CA 95490 and North Plant: 336 N. Lenore, Willits, CA 95490

Tell us a little more about your business:
The forests of Mendocino County are one of our greatest renewable resources, one that offers stable employment and unique building products, while providing broad benefits for wildlife, land use, water quality, and the scenic vistas of which the County is so proud. In a world where minimizing our carbon footprint is critical to our future, manufacturing a locally grown, responsibly managed and harvested renewable resource here in Willits benefits us all.

Willits Redwood Company began in Willits in 1974, in an era when industry giants dominated the redwood lumber industry. Slowly, the industry giants faded, and locally-owned Willits Redwood Company

emerged, supplying a variety of quality redwood lumber and timbers to fulfill the needs of the construction industry and the homeowner.

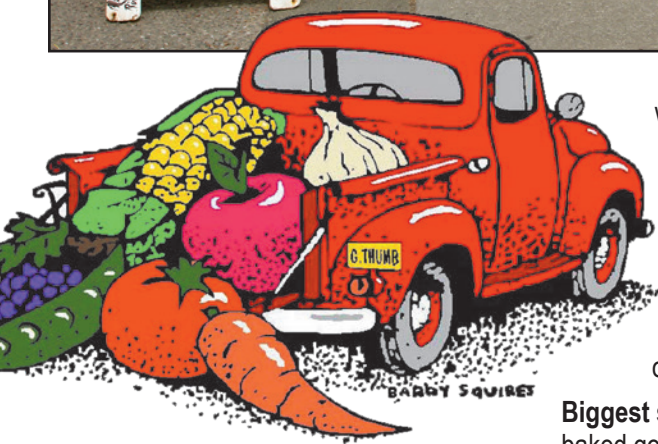

Willits Redwood continues to adapt and grow in a constantly changing industry, investing in the plant and equipment to increase the end value of each board foot cut. Rather than choosing to expand by increasing log consumption, we have chosen to focus on increasing the value of products that we have traditionally manufactured. With the purchase of the former G & S Milling facility on North Lenore Street, now the Willits Redwood Company North Plant, we have been able to install dry kilns, planing capacity, re-saws, and sorting equipment. This has allowed Willits Redwood to greatly increase the range that its products are distributed in both physical area and the breadth of products offered.

Our dedicated employees are the strength of Willits Redwood Company. We are proud that we have watched so many long-term employees' families have children, see them graduate from Willits High School, and head off to college and be able to live the American dream. All possible because of a unique tree growing in our local forests, harvested locally, manufactured locally.

Social Media: FB: "Willits Weekly" and Instagram: @willitsweekly

Date/year business started: May 2013. The business was co-founded by Maureen Jennison and Jennifer Poole.

Biggest selling items/service:

Hyperlocal news, photos and features as well as our popular

"What's Happening" centerspread calendar section.

Something someone may be surprised you have/carry/do: Willits Weekly runs "Congrats" items for free – email us a high-quality photo and a caption to congratulate a family member, friend, or co-worker on an important life milestone. We also run obituaries of local people at no charge (up to 350 words), and we are adjudicated to run Fictitious Business Name notices and other legal ads, too.

Willits Weekly printed our first edition nearly 12 years ago, on May 2, 2013 – the front page featured photos of the two candidates for Willits Frontier Days Sweetheart, along with photos of a garage fire on Coast Street.

Given how important Willits Frontier Days and our local fire departments

are to the 95490 community, looking back, it was a great way to start.

Willits Weekly still offers free distribution of our locally owned newspaper each Thursday (we print 3,500 to 4,000 copies every week), thanks to advertising revenue provided by our wonderful local businesses and other advertisers.

Thanks also to everybody who helps to get the paper out and to our subscribers, including our "street subscribers" who pay an annual fee to help support the newspaper, but pick it up themselves at one of our many outlets around town.

Biggest selling item/service: Custom cakes and cupcakes

Something someone may be surprised you have/carry/do: Craft House Baking is a licensed home bakery. I bake all my desserts from scratch and enjoy crafting custom designs that are unique and eye-catching. Most of my cake recipes use a

sponge cake base, which is very light and fluffy, and not too sweet. Filling choices range from tart berry sauces to creamy custards and ganache, and cakes are frosted in silky smooth Swiss meringue buttercream, which is available in many flavors.

When it comes to the cake decorations, I love coming up with designs that celebrate your loved one and showcase their unique personality and interests. I'm on board for anything – kids character cakes, colorful and fun cakes, elegant minimalist cakes, or just plain tasty-looking.

In addition to custom cakes, I also offer cupcakes, macarons, and tarts. Make sure to follow Craft House Baking on Facebook and Instagram to see special holiday offerings.
